

What makes our location geographically IDEAL?

- Within a day's drive of 75% of the US population
- Close to major north/south and east/west routes, particularly I-75 and I-71

What makes our FACILITY UNIQUE?

- Producing attractive, competitively priced folding cartons since 1926. The 3rd generation of our family owned business cares about your business.
- Specializing in larger size direct food contact gable-top cartons and also in smaller gable-top cartons for sweets and snacks
- Unique applications such as security tag labels, serialization and anti-counterfeiting technologies
- Special configurations and coatings such as gloss, embossing, foil, satin finish
- State-of-the-art Kodak plate making system and recent upgrades to our Mitsubishi 8 color press

Why are we a BETTER CHOICE for FOLDING CARTONS?

- High end graphics without high end prices. Whether you are a start up needing a new package or an established brand looking for refreshed graphics, ask our team to design some mockups. You'll be surprised how affordable a new look can be.
- Full structural design support – our team can meet your objectives with creativity, speed and affordability.
- A team with combined experience in the 100's of years. You can't beat our expertise and customer-friendly approach with anyone else.
